

**Detail and Content of Assessment:**

Your assessment will be a 2 hour exam paper, made up of 4 sections. This reflects what a real exam paper will be like in the A level exams. Each section focuses on the topics taught in class and is worth 24 marks. This is like the 24 mark end of topic tests you have sat over the year. The paper will not have a section dedicated to Research methods, but there can be research methods questions embedded into a topic.

- The topics are:
- Approaches
  - Psychopathology
  - Social Influence
  - Memory
  - (Research methods)
